

# Productivity Training:

## 7 New Tools

Driving Manufacturing Excellence

### Course Overview

The 7 New Tools, also known as Planning or Management Tools, equip you with ways of organising information, verbal and qualitative, so that even the most complex problem can be broken down into simple components.

It's invaluable in the planning process - and in helping to improve quality and safety, reduce costs and increase productivity.

### Outline and learning objectives

In this course you will learn about:

- ❖ How and when to use the 7 New Tools
- ❖ How the 7 New Tools are used in the high-volume manufacturing sector
- ❖ How to help reduce costs
- ❖ How to enhance your productivity
- ❖ The importance of quality
- ❖ The importance of safe working practices.
